SEIU *ContractBot*

Meet SEIU's ContractBot! (user test)

With your feedback we can create a powerful AI chatbot to aid SEIU negotiators

- Provide relevant and useful answers about our union contracts and background labor issues.
- Utilizes 6,000 union contracts, and other documents, to inform answers.
- Securely hosted on machines directly owned and controlled by SEIU.
- No data in reference documents, queries, or responses is stored in the cloud or exposed to private AI companies.
- ContractBot uses state-of-the-art and open-weight Large Language Models (LLMs).
